SPANNING THE NOE CAP

Between North and South
- With Independent Tele-
phone Wires.

GOING TO HENDERSON.

Copper Wires Being Used
Are the Best That it Is
Possible to Put in.

The Independent long distance telephone line from here to Henderson is now being rapidly completed. The Ideal Construction Company has for several months been putting up the poles and this part of the work has been completed. On last Thursday morning the first start in stringing wires was made in front of the City Hall. A crew of workmen started out North Main street and they are now making rapid headway out the Madisonville road. Mr. Gustay Hirsch, who is in charge of the work, says his contract will be completed within thirty days. The line to Henderson will form the connecting link with Louisville and other large cities. The materials used are the very best in every respect. The wire is all of copper and when completed the equipment of the new company will be first-class and up-to-date.

The line will be the property of the Central Home Telephone Company, which recently acquired all of the independent telephone lines in Kentucky and adjoining States. It will be virtually the connecting line between the north and south in the movement for general telephone competition, which has been making such strides during the last few years.

SCHOOL ELECTION

Will Be Held Next Saturday.
Officers Appointed.

On next Saturday, May 5, an election will be held in the city court room for the purpose of electing three trustees of the Hopkinsville public schools, for terms of three years. Those whose terms expire are J. P. Braden, R. E. Cooper and Dr. Manning Brown.

The polls will be open during the hours fixed by law—from 6 a. m. to 4 p. m.—but the voting will be by viva vocestystem and only white voters will participate.

Mayor Meacham, who was instructed by the city council to make the necessary preparations, has appointed the following officers to conduct the election: Judges, George H. Merritt and G. U. West; clerk, T. A. Duke; sheriff, George Bradley.

RESTRAINING ORDER

Asked of Circuit Clerk in Cow
Law Matter.

The expected suit was filed yesterday in Circuit Clerk's office looking to an injunction against the city in the enforcement of the cow law. Circuit Clerk Clark granted a temporary restraining order, to be heard before the Circuit Judge within ten days. The papers were served at 3 o'clock yesterday.

The suit is merely for delay, as the constitutionality of the law is not attacked. It is claimed that some of the councilmen are ineligible and that a majority of the people are against a stock law. The plaintiffs were required to give a bond sufficient to indemnify the city for all damages sustained by the non-enforcement of the law. The law becomes effective to-day.

Mrs. Geo. W. Walker, wife of former officer Geo. W. Walker, is quite sick, suffering with what is thought to be tuberculosis. Her

LAYING TRACK ON BELT LINE

Rapid Progress Being Made
on Southside Artery
by Graders.

BOTH ENDS ARE GRADED.

Temporary Tie-up in Crossing
the Crockett Property
Near 21st Street.

The grading for the Belt Line railroad from the I. C. road near the Cocks's mill road crossing to East Eighteenth street, where it crosses the L. & N. railroad, is about 75 per cent. completed. The line will be 6,200 feet long. At its junction with the I. C. in the Trice meadow there was a very high fill, gradually decreasing to Virginia street, about 100 yards outside the city limits, the crossing being made without change of the street grade. The line for 300 yards eastward from that point is very level and then a considerable cut is encountered just opposite M. H. Nelson's house, where the road turns to the north and runs thence almost due north.

The dirt from the cut was needed in a fill where the ground slopes into almost a gulch and then rises to a grade crossing at Twenty-first street, probably 400 or 500 yards further.

This low ground is an old gully field owned by the Crockett heirs and the right of way has not yet been secured. The agents want \$1,000 for the right of way across it and pending negotiations with non-resident heirs the work is tied up temporarily at this point.

From Twenty-first street to Eighteenth street the line is on a level stretch through the Hopper field recently sold to the Forbes Manufacturing Company. One little hill about the center had to be taken off and this was almost finished last week.

The right of way is ready for the ties at both ends and, excepting the heavy fill in the Crockett field, the grading is practically finished. This work is being done by Upshur Woodruff and a dozen scrapers and many teams are being used.

The line will be L-shaped, sharply curved at the angle point. At the western end the I. C. has already begun laying ties and tracks. Probably 200 yards of this work was done last week. It can be completed rapidly after the grading is finished.

MISS SUSIE COOK

Succumbs to Dreadful Malady
in Nashville Sanitarium.

Miss Susie B. Cook, second daughter of Mr. Walter S. Cook, died early Saturday morning at a sanitarium in Nashville, where she had been for three weeks undergoing treatment for a trouble that turned out to be cancer. An operation was begun but when the hopeless nature of her malady was discovered, it was not concluded. She sank rapidly and expired after much suffering.

The young lady was 22 years old and prior to her failing health was engaged in teaching school. She possessed many lovable traits that endeared her to a large circle of friends. For several months she had made her home with her grandmother, Mrs. S. H. Burrbridge, in this city.

The funeral services were held at 9:30 o'clock yesterday morning at the residence of Dr. E. R. Cook, her grandfather. Rev. C. H. Nash, pastor of the Baptist church, of which she was a member, conducted the services. A large procession of sorrowing friends followed the body to Hopewell cemetery, where the interment took place.

Victim of Consumption.

Mrs. Mary Edwards, wife of William Edwards, who resides near Lafayette, died last Tuesday, after a long illness of consumption. She was 35 years of age and a member of the

COUNCIL GRANTS CHANGE OF PLAT

Forbes Needs More Room For
His Factory Plant In
Hopper Field.

THE NEW ENTERPRISES

Three Department Factories

Situated on Both Rail-
road Lines.

The City Council held a brief called session Friday afternoon and granted permission to W. L. Hopper and M. C. Forbes to close a proposed extension of E. Nineteenth street through Hopper field. This street was provided for in the plat of the field in recent transfers, but the city had never accepted the street extension, which would have required an overhead bridge over the L. & N., and the condemnation of valuable land to be carried to Walnut street. The council granted the change of plans, with the understanding that a new avenue to be known as Hopper avenue will be opened north and south from Eighteenth to Twenty-first streets, along the western side of the Forbes plant. Mr. Forbes is preparing to erect a wagon factory, spoke factory and dressed lumber mill at an aggregate cost of \$150,000. It will be the biggest of the enterprises to be undertaken this year in the city. The I. C. belt line will run through the middle of the factory site and it will be directly on the main line of the L. & N. on the east. The L. & N. will, of course, provide all necessary switches to handle business from its line.

WOMEN'S WOES.

Hopkinsville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up", must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture; they must bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Use of a remedy for kidneys that help and cures the kidneys and is endorsed by people you know.

Mrs. John Coombs, of 1226 South Virginia street, says: "For a great many years I suffered with a persistent aching across my loins and through the kidneys. At times my back was so bad that I could hardly turn in bed and I could hardly lie on my back at all without placing my hand under it, which seemed in some measure to relieve the pain. A friend of Mr. Coombs told him that Doan's Kidney Pills and he got a box for me at Taylor & Traher's drug store. On using them I steadily improved, until the dreadful aching was relieved, and without any inconvenience. They did more for me than any medicine I ever used and I gladly recommend them."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Grippe Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds, which speedily developed into the worst kind of a grippe, with all its miserable symptoms," says Mr. J. S. Egston, of Maple Landing, Iowa. "Muscles sore, knees and joints aching, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, adding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grippe." Sold by L. L. Elgin and Anderson & Fowler, the up-to-date druggists of Hopkinsville.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial constable at Chapeau, Ontario, says, "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured. This remedy is intended especially for coughs and colds. It will loosen and relieve severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by L. L. Elgin and Anderson & Fowler, the up-to-date druggists of Hopkinsville.

Wool Market.

Reported by D. Davis & Son, Graders of Wool for Manufacturers, Louisville, Ky.

Louisville, Ky., April 24.

We find that wool is beginning to come in freely in some sections now and that the condition of same will average equal to last year, and in some sections is perhaps a little lighter, but, as a rule, it is about the same. Where farmers have exercised care in handling their wool they find they will get better prices.

The Eastern markets at present are very quiet and it seems that some parties are awaiting the outcome of the London sales before investing in the staple.

We, however, have been experiencing a fair trade, considering the light stocks which are at present available.

The Conference for Education at Lexington May 2 to 4 will be a great event in educational matters. It will be an intellectual treat to hear Governor Folk, of Missouri, President Ogden, the New York philanthropist, Dr. Walter Page, editor of World's Work, Dr. St. Clair McKelvey, editor Brooklyn Eagle, Dr. Knapp, of Louisiana, Dr. Robertson, of Canada, Hon. The men from the south, the east and the west who will attend this conference are all distinguished in the vocations which each has chosen, and we expect that, in mingling with them, we will get that inspiration for action, that desire for better conditions in Kentucky, which are so essential to a general uplift of the commonwealth. In the multitude of counsel there is wisdom; and so every man and woman in Kentucky who is, in any way, interested in education should be in Lexington on the 2nd, 3rd and 4th of May.

UNION SERVICE.

Immense Crowd Gathered to Bid Farewell to Dr. Wyatt.

The different congregations of the city gathered at the Baptist church Sunday night at the request of the Minister's Local Board. It having been announced by Dr. Wyatt that he would leave the city, the pastors and people were moved by their great regard for the retiring pastor to thus honor him and assure him of their high esteem. Brief prayers were made by the pastors which were feelingly replied to by Dr. Wyatt. The large audience room of the church and the Sunday School room were filled.

Spring Medicine

There is no other spring medicine so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions.

Have the whole family begin to take them today. Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit. Miss BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

possible, the cause of the clover failure in this section of the State. The experiment covers four acres of land two acres with a nurse crop and two acres without. The four acres are divided into forty plots. On these forty plots, (tenth acres) various combinations of fertilizers in given numbers of pounds per acre were put on each plot. A diagram and record of each plot and the variety of fertilizer used on it was made. The fertilizing ingredients used in these combinations consist of nitrate of soda, dried blood, acid phosphate, muriate of potash, sulphate of iron, sulphate of lime, cotton seed meal, sulphate of ammonia, lime, barnyard manure, etc. It is believed that with all of these combinations that if it is a lack of any one or more of the plant food elements that is causing the clover to die we will be able to say which ones will make clover growing a success. Mr. Walker is also conducting a series of experiments on his farm for the Department at Washington. These are on regional varieties, including seed from Russia, France, Tennessee, Kentucky, Ohio, Illinois, Iowa, Kansas, Minnesota and other clover growing States in the Union. During the season these experiments will be visited by experts from the

Department at Washington and from the Experiment Station at Lexington. If it is a seed trouble, a soil trouble or insect trouble or all we hope to locate it.

Later in the season we hope to have experiments growing that we may invite every farmer in Christian county to visit and that they can well afford to spend a day in studying. Mr. Walker is to be highly commended for manifesting such a public spirit in undertaking this work.

Mr. Scherffius returned to his home in Lexington yesterday.

PERSONAL GOSSIP.

Jas. A. Radford, of Houston, Texas, was in town yesterday.

Mr. Charles Graves, of Brooklyn, N. Y., is in the city on a short visit.

LOCAL LEAFLETS.

Good crowd in town Saturday and business was fine.

School children are now counting days. The public schools will close in five weeks.

Hundreds of people spent a good part of Sunday afternoon at Mercer park looking at the moneys, ponies and dogs of Seibel Bros. show.

The advertising car of San Bros. circus, which will be here on the 11th, arrived Sunday. Men are now putting bills all over the county.

The special train of the Confederate veterans returned last Friday night, but many of the old soldiers are yet away from home visiting points of interest.

The first Saturday in May is counted one of the best days in the year for the merchants. The crowd that comes to the city is second only to Christmas eve.

Make your arrangements to can more fruit of different kinds this year than you have for many a year past. The prospect for a fine fruit year never was more promising.

Only 17 days until work on the street railway ought to, or rather will have to begin, to comply with the contract entered into with the city.

The new flouring mill is said to be an assured thing, only a few small matters to be arranged before definite announcement will be made as to location, etc.

There will be a big skating party at the B. B. rink to-night. A number of young ladies have gotten it up and will bear all the expense. The party will take possession of the floor at a late hour.

A fishing party composed of John G. Ellis, J. E. McPherson, Will Glass, A. W. Wood and Randolph Dade, returned home Friday afternoon. They were gone a week and report great success. They carried a cook and plenty of food and enjoyed their outing immensely.

Dr. Wyatt preached his last sermon at the Cumberland Presbyterian church last Sunday morning. It was a most solemn occasion and tears were shed by many of the popular preacher's friends as they heard him for the last time. Dr. and Mrs. Wyatt, we learn, leave tomorrow for the South.

The "Union Depot" had an immense crowd last Friday night. We understand that the proceeds, which go into the treasury of the Episcopal church, footed up \$125. It was one of the most amusing home entertainments given for years. Everybody was well up in his part and from start to finish the crowd was kept in a high good humor.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, V. Va., when his little daughter was restored from the dreadful complaint he names. He says "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters, and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed by R. C. Hardwick's drug store. Price 50c.

Land Sale Near Casky.

J. T. Garnett, of Casky, and R. W. Downer, of Pembroke, have bought of Bradshaw & Bradshaw, of Paducah, their farm of 175 acres, near Casky. The price paid was \$6,000 cash. Possession will be given January 1 next.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes, "Severe bleeding from the lungs and a frightful cough had brought me to death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and, as time has proven, completely cured." Guaranteed for sore lungs, coughs and colds at R. C. Hardwick's drug store. Price 50c and \$1. Trial bottle free.

STILL NO TRACE.

Now Believed That Mr. Edmundson Was Among Killed.

From letters received by Mr. T. M. Edmundson from his son, Jesse, who resides in Los Angeles, Cal., it seems almost certain that the latter's wife was a victim of the San Francisco disaster. Mrs. Edmundson was in San Francisco with relatives at the time of the earthquake and since that time no trace of her can be found. Mrs. Edmundson, two brothers and a sister are among the list of missing.

In a letter dated April 25, Mr. Edmundson says "I leave tonight for San Francisco to assist in the search for Emma (his wife) and her sister, Carrie. They were last seen on the morning of the great earthquake. The entire Pesante family except the aged mother have been searching, ruined city for Emma and Carrie for a week, who were together on the morning of April 15." Mr. T. M. Edmundson received a postal card from his brother Sunday, which was written on the 26th ult. It contained the information that the latter had received a letter from a relative of his wife containing the following:

"Emma and Carrie are among the victims of the earthquake and were killed in the house."

missing and have not been seen or heard from since the earthquake. It is now believed that both were burned up or crushed to death by falling walls."

Mr. Edmundson says that, while considerable damage was done by the shock on the afternoon of April 25, only a few people were killed, and adds that more than 200,000 people have left the grief-stricken city, of which number about 20,000 have taken temporary or permanent refuge in Los Angeles.

Big Damages for Death of Miner.

The administrator of F. J. Sedberry, who was killed in the Nortonville coal mines June 15, 1905, has filed suit against the coal company and Superintendent of Mines John Hale, jointly, for \$10,000. Sedberry was killed by the roof falling in upon him, and it is alleged that the superintendent ordered the men to blast directly over the room in which Sedberry was at work and that the accident was due to the carelessness and unworkmanlike manner in which the work above the room was done.

SUDDEN DEATH

Of Samuel Dillard at Home of His Son Sunday Night.

AGED ABOUT 62 YEARS.

Suffered Stroke of Paralysis Six Years Ago—Second Stroke Fatal.

Mr. Samuel F. Dillard died rather suddenly Sunday night at the home of his son, Arthur, on Jessup avenue, of paralysis of the bowels. About six years ago Mr. Dillard suffered a stroke of paralysis. He never recovered from the attack, but was able to be out most of the time. He was upon the streets Saturday morning, apparently in his usual health. About 8 o'clock Saturday night he was seized with cramps and died in twenty-four hours. Deceased was 62 years years old and is survived by six children—Mrs. Maggie Stevens and Mrs. Pearl Clark, of Nashville; Mrs. J. V. Matthews, of Alabama; Howard Dillard, of Caledonia; Arthur Dillard, of Hopkinsville, and Pete Dillard, of Bainbridge. His wife, who was formerly Miss Mary Cox, of the Gracey neighborhood, died twenty-three years ago. Mr. Dillard had been living with his daughters in Nashville for some time, but came here to his son's three weeks ago.

He was a member of the local Baptist church. The remains will be interred in the Cox burying ground near Gracey, this morning, at 11 o'clock. There will be services at the grave.

Sewall Again Promoted.

S. J. Sewall, formerly superintendent of the Tennessee Central railroad, has been made superintendent of passenger service of the Missouri Pacific and the Iron Mountain routes, with headquarters in St. Louis.

The Woodmen of the World will meet in regular session to-night, (Tuesday) at 7:30 o'clock. All members are urged to be present. Business of importance.

The Metropolitans.

The Metropolitans, one of the largest and best burlesque companies on the road, will hold sway at Holland's Opera House, for one night only, on Friday, May 4. This attraction from all reports has proved to be a cracker-jack and carries a large cast of real talent, augmented by a chorus of 20 handsome, young ladies—the kind you have dreamed about. "The West Point Cadets" is the vehicle on which the curtain rises and is a treat for the eye and ear as to scenery, wardrobe and sweet music. The closing burlesque, "Scenes in a Divorce Court," is a potpourri of mirth and melody and is conceded to be one of the most entertaining farces before the public, while the vaudeville department is made up of seven acts, each one a headliner in its respective class.

STRIKE DUE THIS MORNING

Union Carpenters Will Quit This Morning at Forbes'.

DEMAND NINE-HOUR DAY

Eight Union Contractors Sign Proposed Agreement.

The officials of the Carpenters' and Joiners Union yesterday gave out the following "Notice" for publication:

Notice to the Public.

For information that might be of value in behalf of the laboring men and mechanics of Hopkinsville and vicinity, the following firms have, for the past year, worked the 9-hour system and find it entirely satisfactory:

Dalton Bros.
Hester & Thompson.

The following firms have agreed to adopt the nine-hour system on and after May 1st, 1906:

I. P. Duke & Son,
A. B. Benton,
Joel Mason,
Adwell & McShane,
C. E. Harris,
Wallace & Adecock,
Martin & Libby,
C. A. Cundiff.

This meets with the approval of the laboring men of this city and they hope that others will rapidly endorse the short-hour day.

Hopkinsville, Ky., April 30, 1906.

This notice includes carpenters, tinners, painters and brickmasons. The Forbes Manufacturing Company has given its final answer and will meet the issue today. A majority of their carpenters are Union men and it is supposed all of them will go out, but the foremen will remain, and Mr. George E. Gary, secretary, yes.

terday authorized the statement that they would not have to shut down, but would have force enough left to handle all of their contracts and any new business. The mill men will be supplied by transfers from the outside crews.

It is estimated that 32 of the men will quit. Mr. Gary said the strike would not seriously affect the business.

WEDDED IN LOUISVILLE.

Jesse Burrus and Miss Annie Stowe Surprise Friends.

Mr. Jesse Burrus and Miss Annie Stowe sprang a surprise on their many friends by going to Louisville last Friday, where they were united in marriage. The ceremony was performed at Cherokee Park, Sunday afternoon at 5 o'clock.

The groom is a popular young business man here, being one of the proprietors of the Innovation Cafe. The bride is the younger daughter of the late Fred Stowe. Her mother is Mrs. J. S. Pate. Mr. Pate is a Baptist minister and he and Mrs. Pate have been in Louisville since last fall, where Mr. Pate has been taking a post-graduate course in the Southern Baptist Theological Seminary. The bride has been living with her aunt, Mrs. Julia Baker, near Julien, during the stay of Mr. and Mrs. Pate in Louisville.

The bridal couple were expected to arrive here yesterday. Mr. and Mrs. Pate will return in about a week. Scores of friends and acquaintances unite with us in wishing a long and happy life to the happy bride and groom.
